

Pago de las Capellanes Blanco O Luar Do Sil Godello Sobre Lias

Pago de los Capellanes

Spain - Galicia - Valdeorras

Giving voice to Godello vines, to the geology of granite and to the fullness of sensations. This is our vision and we achieve it with careful winemaking on lees, so that the wine's own matter provides balance and floral complexity, so that it shapes a fine and vigorous structure, a stimulating delicacy.

The wine pays homage to its landscape, clean, fruity aromas that caress the mineral cold. Leading us along small paths among white flowers, Godello Sobre Lías reveals light, truth and life.
