

St. James Sparkling Strawberry

St. James Winery

United States - Missouri

A variation of St James' popular fruit wines, the Sparkling Fruit wines are lower ABV than the traditional fruit wines, and are carbonated to create a light, sparkling fizz. These refreshing wines are perfect for outdoor occasions and summer weather. In a convenient canned 375 ml size, they are ready-to-go anywhere from getaways & gatherings, docks & decks, pools & porches, to backyards & BBQ's.

This sparkling wine is made from 100% strawberry fruit. Great aromas of fresh strawberry with a natural acidity for balance.
