

St. Nikolaus Brauneberger Juffer Riesling Auslese  
Weingut St. Nikolaus-Hospital  
Germany - Mosel

Delicate fruit with hints of peach and mineral. Complex and juicy.

Specifications

|                        |                                                                                  |
|------------------------|----------------------------------------------------------------------------------|
| Wine Type              | White                                                                            |
| Varietals              | 100% Riesling                                                                    |
| Age of Vines           | Average 30 years                                                                 |
| Agricultural Practices | Sustainable                                                                      |
| Soil type              | Devonian blue slate                                                              |
| Vinification           | Vinified in stainless steel tanks.                                               |
| Production             | 110 (9-liter cases)                                                              |
| Pairings               | Foie Gras, Blue Cheese and desserts. Also delicious with slightly spicy cuisine. |
