

Waterstone Special Select Cabernet Sauvignon Napa Valley Project C

Waterstone Winery

United States - California - Napa Valley

The backbone of this Cabernet Sauvignon is derived from a vineyard in the Atlas Peak AVA of Napa Valley where soils are volcanic in origin and have limited water retention. The balance of fruit is sourced from Coombsville and Oak Knoll. The small berry clusters and intense fruit from low-yielding vines create a wine with full flavor and longevity.

This Cabernet delivers multi-layered aromas of ripe black cherries, toasted oak, dark chocolate, cardamom, vanilla bean, and cedar. A rich medium-bodied wine with plush rounded tannins and juicy blackberries and orange zest that linger on the finish.

TA: 0.72 g/100ml

pH: 3.59

Specifications

Appellation	Napa Valley
Varietals	100% Cabernet Sauvignon
Soil type	Volcanic
Vinification	The grapes were hand picked at optimum ripeness. Following destemming, the grapes were stainless steel-fermented and received extended skin contact before being transferred to barrels. The wine was aged in small French oak barrels for 20 months (35% new barrels) where the wine completed malolactic fermentation. The wine was racked prior to bottling.
Production	517 (9-liter cases)
